

NEAR EXPIRY MEDICINES RETURN POLICY

Effective Date: Immediate effect

Last Updated: Oct 15, 2025

Objective

We aim to minimize environmental pollution by encouraging customers to return near expiry medicines responsibly. Our program allows customers to return eligible medicines and earn wallet points, promoting sustainable practices.

Eligibility

Medicines must be:

Solid dosage forms (tablets, capsules, etc.)

Sealed in original packaging (bottles, pouches, etc.)

Returned 100 days (3.5 months) before expiry date

Medicines must be in their original condition, unopened, and unused

Return Process

Customers can initiate returns through the Pharmaish app

Medicines will be collected from the customer's location at the time of the next order delivery or returned at the nearest pharmacy outlet

Returns will be verified for eligibility and condition

Wallet Points

Customers will receive a 10% wallet amount code, calculated on the original purchase price

Wallet points can be used to adjust payment for future orders

Responsible Disposal

Returned medicines will be collected or returned to the respective pharmacy for further disposal process

Benefits

Customers contribute to environmental sustainability

Earn wallet points for future purchases

Support responsible medicine disposal practices
